Ventriloquist Val Hilliker has now been given the honour of the highest Virtues Project distinction: Master Facilitator.

"There are many entertainers in the world, but few that combine the joy they bring with as much heart as you do," says Dan Popov, Ph.D.

"The Virtues Project's most important audience is children, in my opinion. Your art brings a smile and even more important, a greater sense of who they are and the beauty they have within. We are overjoyed that the virtues play a part in enabling you to do that."
