

The Virtues Project™ Celebrate your community!

A **new** Kids' Church show

"Fruits of the Human Spirit; Our Virtues"

A fun, insightful and educational forty-five minute interactive presentation performed by professional ventriloquist, Val Hilliker.

Consider the awesome, interactive approach to learning that ventriloquism provides!

Watch, listen, and laugh with Ventriloquist Val Hilliker and her cast of characters as she brings them to life before your eyes. Lilli the frog, who always wears her duck suit, shows it's what is on the inside that counts. Natu the orangutan changes his ways, and Pedro the Parrot models Val's behaviour.

The show is based on: Philippians 4:8 and Galatians 5:22-23

It's all about **emphasizing the positive** to **eliminate the negative**. In the last year alone, over 150,000 children and adults all over North America have experienced Val's shows, and have begun to work Val's strategies into their day-to-day lives.

Val has been invited to Japan to perform from Kobe to Tokyo in October 2006. As well she is going to the Dominican Republic to perform with Careforce International.

Each show plays to a maximum recommended audience size of 150.

October 13th, 2005

To Whom it May Concern,

In September 2005, we were privileged to have Val Hilliker come to our church for ministry. It was our Fall Kick Off Sunday, an important time to rally people and initiate new programs. Val ministered in our open session for Sunday School. Her 20 minutes entertained, captivated attention and taught valuable lessons. We found her lesson and the use of ventriloquism well integrated. People of all ages enjoyed Val at our Parking lot Party that evening. Personally, I appreciated Val's flexibility. Her willingness to adapt to a variety of settings and contexts was deeply appreciated.

I would definitely consider bringing Val Hilliker back for church ministry and believe she has much to offer to the Body of Jesus Christ.

Sincerely,

A handwritten signature in black ink, appearing to read "Derrick Hamre".
